Can you wait for the TZR 50 key to drop into your hand?
 The key is first rung of the ladder. The legendary Yamaha sports bike range lies ahead of you now. You are joining a family of world champions.
 The key will get you respect. You've chosen not only best machine in its class but also the most aggressive, with its R1-inspired twin headlight fairing.
 The key releases a world of fun. Will you ever tire of watching the needle swing round the white-faced rev-counter as you feed the hungry engine another of the six sweet gears?
 Importantly, the key is also your freedom. Go where you want, when you want, and do it in Superbike style.
